

Weenthunga* Health Network

“Women’s Talk” Guide Launch

Weenthunga recognizes that:

- Australia is home to one of the oldest continuing cultures in the world;
- Two-way learning is about respecting the knowledge, learning processes and perspectives of First Australians and recognising that teachers are learning about another culture and knowledge system, at the same time as sharing their own knowledge; and
- We need to work together to find a common ground from which new information can be developed in a way that is relevant to and easily understood by the First Australian students

Wednesday 1 June 2016 10am – 12pm

Victorian Aboriginal Community Controlled Health Organisation, 17-23 Sackville Street, Collingwood

Weenthunga is launching the Women’s Talk Guide at VACCHO on 1 June 2016 and we invite you to join us. “Young Women Choosing Health” is a short DVD aimed to engage discussion around health careers for Middle and Senior Secondary (Years 9 to 12) First Australian female students. The purpose of the DVD is to reach a wide audience of First Australian students – to capture their interest and to illustrate good online resources which showcase health careers. The Guide will ideally be used by Career teachers who are advising and supporting First Australian students with career choices and relevant subject selections as they pertain to the broader health industry.

ARE YOU INTERESTED IN ATTENDING THE LAUNCH?

To register please log on to <https://www.trybooking.com/LLNR> and complete your details. If you have any difficulties please contact sarah@weenthunga.com.au.

*Weenthunga means 'hear / understand' in Woiwurrung, language of the Wurundjeri people of the Kulin Nation
